**MEMORANDUM**

**DATE:** May 12, 2016  
**TO:** MGSA Board of Directors  
**FROM:** Michael S. Frank, Executive Officer  
**SUBJECT:** Fiscal Year 2016/17 Marin General Services Authority Operating Budget

---

**RECOMMENDED ACTION**

Adopt the Fiscal Year 2016/17 Budget for the Marin General Services Authority.

**BACKGROUND**

The MGSA Proposed Budget includes a General Fund, Abandoned Vehicle Abatement Program (AVAP) Fund and the MarinMap Program Fund. Within the General Fund, the following programs are accounted for: Streetlight Maintenance; Taxicab Regulation; Marin Climate and Energy Partnership (MCEP); and MGSA administration.

With the prior year's budget, charges for assistance in management of the county-wide Animal Services Program are included as well. MGSA staff budget, invoice agencies, and transfer funds to the County. MGSA plays a similar role with the Mediation Program run by the District Attorney. The revenue or expenses associated with these programs are not considered revenue or expense for MGSA and therefore do not show up in the JPA's financials.

This report proposes a budget for all three funds as well as describes and displays a detailed methodology for the allocation of various costs to JPA members for all programs. As part of MGSA's responsibilities, the Board reviewed the Marin County Stormwater Pollution Prevention Program's (MCSTOPPP) FY 2016/17 budget at its January 14, 2016 meeting and made a recommendation to the Board of Supervisors to approve that budget as presented by MCSTOPPP staff. MCSTOPPP's budget is not included in this report since those funds are not part of MGSA's Budget or management responsibilities.

**MGSA General Fund**

Table 1 below displays the present year’s budget [Budget 2015/16], an estimate of what year-end expenditures and revenues are anticipated [Est. Actual 2015/16], and the proposed budget for the upcoming fiscal year [Proposed 2016/17]. The final column is the difference between the estimated year-end actual figures and the proposed budget [Difference Prop vs Act].

<b>Total</b>	<b>\$208,000</b>	<b>\$196,000</b>	<b>\$208,000</b>

**General Administration**

The budgeted costs for the administration of MGSA are virtually identical to what was budgeted in FY 2015/16. Legal costs are anticipated to be lower while rent is slightly increased with the exit of LAFCO from a shared office space environment. Because of the economy and a number of program changes over the last couple of years, MGSA’s fund balance has increased. Staff is recommending a one-year member contribution reduction from \$141,550 to \$100,000. Woo Hoo!

**Streetlight Program**

For 2016/17, the Streetlight Program overhead remains at \$11,000 as it has for many years. Costs for the maintenance and replacement of streetlights are borne by individual agencies.

**Taxicab Regulation Program**

The taxi permit fee schedule was amended in November 2009 with the goal of bringing the taxi regulation program to full cost recovery over time. This goal has been generally achieved. The taxicab regulation program detail and estimated actuals for FY 2015/16 and proposed budget for FY 2016/17 are reflected in Table 3 below. At this time, program revenues are projected to come close to balance, therefore no adjustment to fees is recommended. A more detailed evaluation of the allocation methodology will be undertaken during this fiscal year to ensure ongoing cost recovery and appropriate permit fees.

**Marin Climate and Energy Partnership**

The Marin Climate and Energy Partnership (MCEP) is comprised of the incorporated towns and cities in the county, the County of Marin, MMWD, TAM, and Marin Clean Energy. MCEP’s mission is to work collaboratively, share resources and secure funding to: 1) discuss, study and implement overarching policies and programs, ranging from emission reduction to adaptation strategies, contained in each jurisdiction’s Climate Action Plan; and 2) collect data and report on progress in meeting each partner member's individual greenhouse gas emission targets. MCEP meets monthly and is supported by a part-time Sustainability Coordinator.

The program is directed by a Steering Committee with representation from each of the members. The MGSA serves as fiscal agent. To date, the Partnership has been funded by voluntary member contributions as well as several grants and contracts; a \$75,000 grant from BAAQMD, two grants, each in the amount of \$80,000 from the Marin Community Foundation (MCF), and four contracts with the County through the PG&E-Marine Energy Watch Partnership. The MGSA’s role has been to assist in contract administration with grantors and contractors and to provide assistance with invoicing, collection of grant and member contributions, contracting and paying for MCEP services, and advising the Steering Committee. Although a separate cost center is maintained for MCEP, the funds are placed in the MGSA general fund.

The resources and expenditures for MCEP are shown in Table 4 below. The “Contingency” line item proposed for the 2016/17 Budget reflects unbudgeted MCEP funds. During FY 2016/17, MCEP will be providing technical services relating to climate inventory tracking and reporting. Specifically, MCEP will develop annual community greenhouse gas inventories for all Marin jurisdictions for years 2005 through 2013 (or 2014 if data is available) to supplement the

existing 2005 and 2010 inventories, providing a better picture of how emissions have changed over the years. MCEP will prepare and present a report for jurisdictions as well as updating and promoting the MCEP website and Sustainability Tracker. Unbudgeted funds may be used to continue support of public outreach and education through the Resilient Neighborhoods program, develop reach building code requirements for energy efficiency and renewable energy, and/or reserved for a future update of members’ climate action plans that were prepared in 2010 and 2011.

The MCEP partners have again been asked to assess themselves to fund the program for FY 2016/17 at the same level of \$2,000 each.

**Marin Abandoned Vehicle Program**

The Marin General Services Authority serves as the Marin Abandoned Vehicle Abatement (AVA) Program administrator. The program reimburses members for some of the costs of abating abandoned vehicles. All program funds are received from a \$1.00 surcharge on vehicle registration, collected by the California DMV and passed on to Marin County. The two areas of expenditure include the administrative cost incurred for the program administrator retained by MGSA and the payments made to the towns, cities and County to fund the abatement of abandoned vehicles. The expenditure budget for FY 2016/17 is virtually identical to that of last year.

**MarinMap**

In Table 6 below is the Proposed FY 2016/17 Budget as recommended by the MarinMap Executive and Steering Committees. The budget can be summarized as follows: the annual fixed costs to manage MarinMap (Matrix, Program Manager, maintenance and hardware) and GIS Projects which are developed with agency members and prioritized by MarinMap’s Executive Committee.

In general, the proposed budget is similar to previous years. Member dues are proposed to be unchanged. The addition of the Marin County Fire Chief’s Association joint membership increases the dues revenue from last year to \$152,000.

Regarding general expenditures, there are no proposed changes to base costs from last year, which are Matrix Team, Geodata, and program administration.

A few changes from last year are noted as follows:

- The Member allowance program (\$3,000 per agency per year for GIS activities benefitting MarinMap up to an aggregate of \$24,000), is proposed to be reduced to 18,000.
- The FEMA map change updates are reduced from \$7500 to \$4000.

Regarding project expenditures, the Executive Subcommittee identified Projects for the coming year in the amount of \$72,201 (the \$18,000 member allowance plus \$54,202 in projects). Additionally, it is proposed that the MarinMap reserves be increased from \$35,000 to \$40,000.

**Animal Care and Control**

In mid-2014/15, MGSA took on a program of assistance to the County of Marin in the management of the Animal Services contract with the Marin Humane Society (MHS). A new three-year contract with MHS was negotiated and approved by the County Board of Supervisors on April 21, 2015. MGSA is provided \$20,000 for managing this contract by the County. In addition to assisting in negotiating the animal care and control contract with MHS, MGSA also invoices jurisdictions and is the interface with the MHS. The contract for this upcoming year is a 3% increase over the prior year.

**Mediation**

The Mediation Program contributions for FY 2016/17 are 2.5% higher than FY 2015/16. As the Board is aware, the Office of the District Attorney manages this program. These funds are not considered revenue or expense for MGSA and are invoiced and directly transferred to the District Attorney’s Office upon receipt. Following some research, it has come to MGSA staff’s attention that the population numbers being used by the DA’s Office has not been updated in over five years. The figures in Table 7 for the Mediation Program have been updated by MGSA staff and are therefore different than those shown in the March 16, 2016 Program Review document sent to Marin Managers by the District Attorney.

### Member Contributions

The contributions shown in Table 7 below reflect the County, cities’, and towns’ share of MGSA costs as well as program costs which are billed through MGSA which include the Mediation Program administered through the District Attorney’s Office and the Animal Services Program.

The MGSA’s Joint Powers Agreement provides for funding the agency as described in the next section. The FY 2016/17 proposed general operating budget is based on member contributions of \$100,000, down from the previous year’s amount of \$141,550. Staff is recommending this one-time reduction. The member contributions are apportioned as shown below in Table 7.

### Member Contribution Methodology and Calculation

The allocation methodologies of the different programs of MGSA are outlined in detail in the JPA ordinance approved by all participating agencies. This section summarizes the methodologies and provides the calculation for members’ contributions to MGSA.

#### General

Those programs or administration considered “general” budget items are based on a combination of two factors designed to develop an equitable and proportional sharing of costs. The formula uses the factors equally: assessed valuation (AV) of real property and population. Each year, the most current values for these two factors are updated when calculating the member contributions. For the County, the variables are based on the unincorporated assessed value of real property and the population in the unincorporated area.

**Table 8 – Member Contribution Share Calculation**

**Streetlight**

Members pay the overhead and administrative costs of this function in proportion to the number of streetlights owned by the Authority in each members’ jurisdiction. Streetlight maintenance costs are based on service provided to individual agencies and charged directly to those jurisdictions. Special Districts are included only for the administration and operation of the Streetlight Program.

**Taxicab Regulation**

This program is funded by revenue generated by annual taxicab permits. The permit fees are set by the MGSA Board. No member contributions are made.

**Marin Climate and Energy Partnership**

The MCEP program is voluntary for participating members, however, all MGSA cities, towns, and County participate. In addition, the Marin Municipal Water District, Marin Clean Energy, and the Transportation Authority of Marin also participate voluntarily. The Partnership has been funded by member contributions as well as several grants and contracts with the County. As in the past, members are requested to assess themselves to fund the program for FY 2016/17 at a flat \$2,000 per agency.

**MarinMap**

MarinMap is funded by member fees, grants, and special assessments on members. It is a flat \$10,000, \$9,000, or \$6,000 fee as in years’ past based on agency size.

**Abandoned Vehicle Program**

Because this program is funded by a state imposed surcharge on vehicle registration, it does not have a member contribution.

**Animal Services**

Thirty percent of the contract cost by the Marin Humane Society is paid directly by the County. The allocation methodology for the remaining contract cost to jurisdictions is based on a combination of two factors used equally in an effort to develop a fair apportionment of costs: 1) animals handled the previous year and 2) population.

**Mediation**

The Mediation Program costs are allocation based on population.

**County Financial System FY 16/17 Budget Entries**

The County Auditor-Controller has requested that the Board be shown the budget data, including account numbers to be entered in the County accounting system.
